**Product Review: LUSH Caca Noir Henna Hair Color**

I had trouble with the directions telling me to double boil it (the pot on top of a boiling pot). This is CACA Marron henna in reddish color. This is sold at Lush for $25, online sells for as high as $48. I am selling for $15; I could take it back! When it comes to hair dye, we've called upon Mother Nature to help us do something a little bit different. Henna has been used in a green powder form to color hair. I dyed my hair using the Lush caca rouge henna six months ago. I have naturally brown hair with blonde highlights. The product was sold with instructions, which I followed exactly. I noticed a difference in color and texture.

**LUSH Caca Rouge Henna: rated 3.5 out of 5 on MakeupAlley.**

I followed the directions completely and applied it to my hair evenly. Anyway, don't judge me when you see my hair! Then when browsing in Lush, I spotted that they sell blocks of henna, which led to me trying it. I started today with hair that was a sort of mousy light brown with blonde highlights. The instructions said to keep it warm to bring out the red tones, so I used a warm temperature to achieve the desired effect.

**Henna!**

The 2nd time I have used Lush's CACA NOIR Henna Hair Colour. **Note that my instructions are slightly different than the instructions given.** Through this research, I learned that Lush offers henna hair dyes, which I never considered before. I have tried maybe only three brands of hair color before — that is Lush, Khadi Pure Henna, and a few others. The instructions also mention what kind of temperature of water you should be using at different stages.
